 Aasish Somasi

Aasish leads the Technology Law desk at SNG & Partners. Before starting to work at SNG & Partners, he had significant roles at Inventus Law Technology Partners, Shardul Amarchand Mangaldas & Co, and Anand and Anand. During his career, he has advised and represented major clients such as Microsoft, Dassault Systems, Adobe, Amazon, Meta (formerly Facebook), WhatsApp, Rupifi, Ennoventure, and Netradyne.

Aasish has over a decade of experience in advisory, transactional, and litigation matters. He has helped clients from various sectors like geo-spatial mapping, finance (including cryptocurrencies), artificial intelligence, social media, media and entertainment, and agriculture. He is skilled in handling complex legal issues such as intermediary liability, privacy, and artificial intelligence. Additionally, he has a strong background in content regulation, with several years spent reviewing manuscripts and social media posts.

In his free time, Aasish loves to discover unique experiences from across the world—be it food, music, art, or theatre!
